

ACCENT SEDAN

ACCENT – NO NEED TO BE SHY

The most practical yet beautiful sedan on the market. The all-new Accent offers you all the conveniences you could ever want from a car – packed with state-of-the-art technology, loads of creature comforts, advanced levels of safety, and plenty of room.

REAR PARK ASSIST (RPA)

For safer parking and reversing, sensors are mounted in the rear bumper to help detect any unseen dangers. Should you get a little too close, the RPA on the Fluid models issues an alert, warning you of the danger.

INTEGRATED BLUETOOTH, AUX AND USB CONNECTIVITY

Equipped with state-of-the-art Bluetooth functionality, you can make and receive phone calls hands-free through the vehicle's audio system. Or, plug in and play with the USB port, which can be found on the front console.

MULTI-FUNCTION STEERING WHEEL

For an added touch of convenience and technology, the Accent has an integrated audio control steering wheel, which allows you to control the audio system and adjust the volume with the remote control. This innovative feature ensures your hands are kept securely where they need to be – on the steering wheel.

465ℓ BOOT CAPACITY & AIRBAGS

The Accent comes with an impressive 465 litres of luggage storing capacity; enough to hold 2 golf bags and 3 small bags with absolute ease. The Accent has dual airbags for the driver and passengers. The depowered driver and passenger airbags will deploy at a reduced force to prevent possible injury.

ABS WITH EBD

The Anti-lock Braking System (ABS) helps prevent the possibility of your wheels locking up under hard braking, to help you retain steering control as you come to a halt. Electronic Brake Distribution (EBD) also balances the braking forces at each wheel during sudden braking. In the Accent, you can brake with composure at all times.

1.6ℓ GAMMA ENGINE

The Accent's Gamma engine is light in weight, which enhances fuel economy, produces a maximum power output of 91kW at 6300rpm, and delivers a maximum torque of 156Nm at 4200rpm. With more power, you can overtake safely and with confidence.

SPECIFICATIONS
